Policy:

The Staff at The Inn of the Six Mountains works hard to ensure that our guests enjoy our facilities and services. However, when we are serving alcoholic beverages, we have legal and social obligations to uphold. In order to serve our guests best, we will uphold these obligations strictly. For everyone's safety and welfare, we insist that alcohol consumption be done in a responsible and legal manner.

Among the major laws and policies our guests should be aware of are:

- ◆ Absolutely no one under the age of 21 may consume alcohol.
- ◆ Persons who appear underage will be asked to produce a valid state photo identification card. We reserve the right to reject any ID in order to comply with VT State Law.
- ◆ We are mandated to control consumption. We must refuse anyone who we perceive to be under the influence.
- ◆ NO three-liquor drinks or shots will be served.
- ◆ All alcoholic beverages consumed during group events or in public areas of the hotel must be furnished by The Inn. Under no circumstances may clients or guests bring their own alcohol into a group function, as it is strictly prohibited by VT State Law.

Problems with alcohol consumption can undermine the success of an event. We do not want to see that happen, nor do other guests. We appreciate in advance your concern, understanding and cooperation.

The Inn of the Six Mountains
